Dear Angier

Thank for "opening a new
door at Nationals"

I've disposed of any evidence of
Jim's slide - you know which
one? Your expression was
great! Anyway, Merry Christmas
& Happy New Year! You've been
a great help to me - let's
continue training in the spring -
if I'm here ... Actually - God only
knows where I'll plant my
feet, wheels, etc.

to go - came from behind
& almost did it but not quite.
I left quite a gap on the field & instead
of going for the woman who
was all the front, I slowed in order to reserve strength. This was
