Regarding training: Leaders are needed to organize weekend training rides. If you are interested, please contact your training committee representative or the road captain. No training should be done north of Glen Echo on the (Maryland) GW Parkway. Several riders have had run-ins with the law while riding there. South of Glen Echo should be OK.

A supplier for club jerseys is being sought. Spec. sheets will be sent to prospective vendors in the near future. Questions or comments regarding this action may be addressed to Paul Lenz.

Time trials will begin in March and continue for 5 weeks. The first week will be an individual event. Weeks 2-5 will be 4-man teams (if desired). Riders may compete individually if they wish. Teams will be assigned based on performance the 1st week, so be there on 3-3 if you plan to ride as part of a team.

Prospective college students: North Carolina Wesleyan College offers an opportunity to combine your studies with an active bicycle racing program. They are recruiting student cyclists both here and in Europe, emphasizing the area's good climate and roads for all types of cycling. For more information write: N. C. Wesleyan College, Wesleyan College Station, Rocky Mount, N. C. 27801

P. Lenz, after chatting with G. Sandruck, reports that the Chesapeake Wheelmen have no sponsor. He also says that the meeting for final approval of any possible expenditure of funds for a track in Maryland had not yet been held as of January 6, 1974.

The rider classification meeting for Maryland is scheduled for January 10. Full results will be available at the January 14 meeting. Virginia info will also be available at this meeting. Senior riders should attend the meeting or contact P. Lenz or B. Fisher as soon as possible after January 14.
