DISTRICT CHAMPIONSHIPS

The honors in the Virginia Championships fell to both NCVC and James River Velo Sport. The Intermediate riders took 4 of the 5 top places in their category in the road race, with Gordy Holterman finishing with a six minute lead. Senior Roy Morris won the time trial event with only a one half second over Veteran Jim Montgomery, but Montgomery took all the honors in the Senior events at the track. The Intermediates also won all of their track events for the NCVC.

The National Capital Velo Club dominated the Maryland-Delaware District Championships at the track in Trelxertown, the time trials in Federalsburg and the road race in Hydes, Md. Riders Rob Lea, Jerry Nugent and Mary Pelz set new records in their time trial events with times of 58:33, 58:30, and 1:04:14 respectively. In both the road race and the time trials, fifteen NCVC riders qualified for the National Championships to be held in August at Bear Mountain, NY. At Trelxertown, there will be six riders from NCVC trying to take the stars and stripes.

From Malaysia

Excerpted from a letter to Mike Butler: Greeting from an NCVC member in Malaysia. I have been here 9 months now and am really enjoying it. The people and the food are terrific and you can cycle year around (if your body will let you-more on that later). There are quite a few cyclists in Malaysia who race for various "clubs"; both road and track races (they use running tracks). As an example, there were about 170 cyclists who took part in a recent Police Open Championship that included senior, junior and women's classes. About 14 teams, composed of 4-32 riders each, took part. I did not race, as I had not been training for the past 2 months. It seems that my body was so used to taking a couple of months off in the winter that I became psychologically turned-off to training in mid-February. I have continued my 6 days a week commuting trips, however. For these, I have been using a local bike-the typical "black bike" found in most Asian cities. I ride it rain or shine and am considering bringing it back with me as I have become quite attached to it. I have about 2 more years to think about that though; before I return to the US.

I hope to do some racing this year and have competed in 2 time trials (20 miles and 33 miles) early this year.

The riders over here are very friendly and ask a lot of questions about my bike (Viner frame). One of the tallest cyclists even wants to buy it. The cyclists here have a major problem in that bikes and parts, accessories, etc. are not available in Malaysia.

The newspapers here really publicize cycling events-I have a collection of over 100 articles clipped from 3 local papers since my arrival last August.

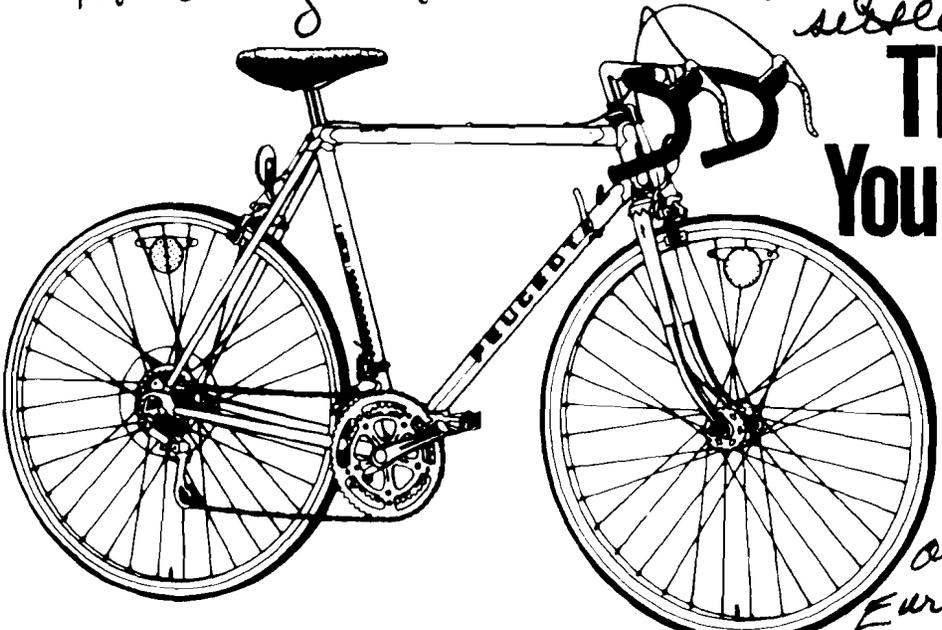

I do miss the weekly training races at IBM and look forward to the newsletter each month. I only wish I was there to help out and take part in the races. Hope you have a good year, both cycling and otherwise.

RAMBLIN WITH THE WHEELIE

by Mike Butler

June was the month of farewells. It was a sad afternoon for me when I had to say goodbye to the Swans. They are truly very good people and I am proud that I am their friend...Also moving out of the area due to a promotion is one of the club's longest members and hardest workers -Paul Lenz. Paul's contributions to the club in the 8 or 9 years I've been with NCVC have been many. Paul didn't help the club grow, he made it grow by enjoying the sacrifices necessary for the progress of our club and some of its members. Jim Bob Bradford being the most rewarding. I'm sure we'll still see Paul from time to time and I hope you'll express our gratitude for all he has done to help make NCVC what it is today... Members are leaving to all corners of the world - the Swans to Germany, Paul to New Jersey, and Andres "Cochise" Villada to his native Columbia. Andres sends his thanks to the club for all of our support and encouragement making his stay in this country an enjoyable one. He wishes everyone good luck and lots of success... "Cochise," we in turn wish you the best of luck and lots of success and hope that we will see you again soon...Continuing with sad news, I heard that Boris Starosta collided with a car while training and was in intensive care for a while. I do not know any details and hope Boris will get well soon and fill us in...Well! my article had so much smut and cuts that you smut lovers would have had a ball but my victim, I mean the person involved, showed a lot of character by apologizing for the same behavior I had written about...The District Championships - what can I say? John Bare of Delaware, last year second place finisher and a young man riding his first USCF race rode away early in the race and finished in that order. Mr. Time Trial or Thunder as he is called by his handler...Thunder?...anyway, Kraig Klinke took revenge on Lightning Kelley...Thunder?...maybe there was a fast horse named Thunder...cause Thunder is loud and slow...anyhow, Klinke heard that teammate, and one of the favorites, Ironman Kelley, had flatted and as if that was his prerace

strategy, took off and the rest of the NCVCs watched him ride off the front towing another Delawarean up to the front group. Although Reno Rashid and Rick Barnett spearheaded a chase the rest of the pack decided it would be better to sprint, with Bobby Phillips in the pack and fresh from not taking a pull, for 1 place rather than catch the 4 man break and sprint for 5 places. The women's race was as predicted except Martha Rainey had the toughest of breaks flattening less than a half lap into the race then taking off like a bat out of hell only to miss a turn. Thanks to the follow car, which chased her down for about 3/4 miles and brought her back to the course. Mary Pelz took off on the last hill and Julie Paul, showing a lot of gusto in a very close sprint was edged at the line by a strong Delawarean. The Vets race - the Rob Lea Show - saw the Master Blaster Nugent take the bronze. The Juniors were unexciting and ended in a sprint won by Eric Winstead...The time trials one week earlier had some good results. Kraig Klinke was the smoothest and best time trialist that day beating Fred Kelley who (not an excuse, just fact) had to change a rear tire minutes before the start and Rick Barnett who must have been asking, "What have I done to deserve this?" Less than a mile after the start, a road guard let a car go through causing Rick to stop. At the turn, the wet road caused him to skid and on building up his speed his tire started rubbing and later blew at the finish line. But all in all this will be the strongest group of time trialers ever from Maryland. Motoring Mary lived up to her name by taking 3 plus minutes off of her 1980 time. Tracy Lea was second and Betty Spears scored an upset for third. Rob Lea missed his start by 35 seconds and still turned a 58:25. Jerry Nugent couldn't break an hour as a Vet but now that he's a Master he has blasted off 2 hour-breaking rides in a row using his track bike with a fixed gear. Tim Noakes showed his power by taking the Junior event...At the track, Mary Pelz got the psych she needed, she found out that she was one of 16 women to qualify automati-

In this hilly race for men and women riders are divided into 5-year age groups from 30 years up. Although NCVC sent only two riders, our placings were high. On July 2nd, Larry Black in the 30-35 yr 62 mile event took 2nd in a breakaway with Bob Lowe from New Hampshire. After Bob established himself as a solo attacker from the gun, Larry and he tried several times to go off and finally succeeded with 5 miles to go. Although Larry didn't know who he was at the time, it turns out Bob is a former Columbia Wheelman and an old customer of Larry's. In the 35-39 year age group our own Rob Lea, despite a raging cold, managed 14th in a field that beat the younger group's time by a full minute. Rob couldn't decide to stay for the open race or go back to New England for some easier criterium winnings. Needing the experience for the Nationals, he decided to take a chance on his cold and stay. Sunday's weather didn't help. Alternate thunderstorms, 12% grades, 100+ riders and poor pavement coupled with a nagging cold make for some tough riding. But Rob decided he could do it and finished 2nd.

Our reporters arrived a little late to see the early events, we heard that Gordy Holterman and Tim Noakes finished in the top 10 of a large and fast Junior field. In the women's race, Martha Rainey and Junior woman Cynthia Paul jumped together for an early prime, and then, according to Martha's pre-race plans Cynthia kept on going after taking the prime, and with the keen 'failure to chase' from lieutenant Rainey as well as some strong high gear pushing, Cynthia managed to keep gaining time each lap. After a few laps some of the women discovered that something was going on, the attacks started.

In the end, she managed to gain 1 minute and 20 seconds on the pack for first place. Martha, after having to chase each and every attack, still had enough left to get in for 6th overall. The 2-3 Race started with 156 riders that initially spread halfway around the .8 mile course. The Alpines were strong at the front but only Chris Meerman made it at the end for 2nd. Jim Montgomery jumped at the corner and climbed into 8th. In the Sr. 4 event Mark Hall looked strong taking an early prime but only Channing got into the end bunch with a 4th. Jerry Nugent took the final event of the day easy with a first.

cally for the national's road race. Mary and Betsy Davis are the only ones from the East Coast...with this news she quit thinking about never riding the track before and won the sprints 2-0 from Martha and Julie and won the pursuit in qualifying time from Cynthia Paul and Martha...The men's races for Virginia was a clean sweep by Jim Montgomery who rode the fastest kilo of both districts...In Maryland, Chris Meerman took the match sprints for the 2nd year in a row over Bobby Phillips. The kilo went to Rick Schuette, Fred Kelley rode the fastest pursuit of the day and Ed Slaughter (I think) won the points race...I feel I must make a comment about travelling in a group. Whenever people get together to go to races as a group it is mainly to share expenses. But a Somerville weekend, one MCVC grad made everyone upset when he decided to sleep in the van rather than share the motel bill. On top of that, he talked another into joining him leaving 3 poorer bikies to split 3 ways instead of 5. The thing is he was a last minute substitute bumping someone else who, I'm sure, would have split expenses. Shoot.

Someone should tell this guy that teamwork does not begin and end on the start/finish line. I would myself, but I don't think Rick reads Velo Voice and I hate naming names...A few people said they don't make the Velo Voice anymore. Well, I'm a fair man so her goes...Chris Cressy broke a crank at the Districts after running into Andres at IBM the Thursday before. Let's hope his good buddy's asphalt habit doesn't rub off on him...Went to Greenbelt for the first time a few weeks ago to see Mike McConnell beat Ian Jackson and Jim Montgomery to the line in an impressive win. Heard the Torpedo is kicking...ahh ...doing quite well at the tracks and 1981 Wonderman Kelley continued his successes at the tracks. Pres. Torpedo said Fred will probably move right up to Saturday night in a couple of months or less. He has got to be a shoo-in for the rookie of the year. Of course he's aiming for the big one - rider of the year but Monty, Rob and Pelz have other ideas. For you new members, every year Pete and I form a committee with input from all and pick award winners for the banquet in November or December. Winners are Rider of the Year, Outstanding Riders of the Year, Rookie of the Year, Most Improved Rider, Broken Wheel, AKA

Asphalt Award, Service Awards and any other thing deserving recognition... Of course, added this year is the "Wheelie Cup" --not connected with the NCVC Treasury...A few new and old members are asking about meetings and clinics. Well, membership meetings have failed over the last two years, Executive meetings--good question. I don't think that we have need for any--ask any club officer. Clinics are difficult to conduct during the season but there are people to answer questions, namely Jim Montgomery, Ed Cottrell and yours truly. Reno Rashid, who I believe is still NCVC at heart, will teach you how to ride your bike in a race if you're reasonably nice and ask politely. And I'm sure we have lots of experienced members who can help if they have the time...Oh, by the way, my articles are the way I see things. If I write mostly about certain riders it's because I think they deserve it. I can only talk about what I see, hear or dig up. If I don't know you or what you've done...well how can I write about it? Don't sweat, you'll make the newsletter next time the roster is published. I try to be, no, I am honest in everything I do so if I forgot your accomplishments let me know. Or better yet, write about it and get it to the Velo-Voice. I'd like to thank Ken Gyory for another job well done. Ken always makes the District Championships enjoyable. Oh! The bathrooms were open around the back of the school. I guess you're wondering if my pleading for help all year worked? What do you think? You know I can hear all these liars years from now when the sport makes it, or even if it doesn't, saying, "Yeah, I was there. I helped make cycling in this area." In other words, No, it does not work. The same ole faces, same ole 20% or less these days. Thanks Mrs. Phillips, Mrs. Gyory, Mr. Sheffield and the few others whose names escape me or I do not know. Until next month, Cheers...In the meantime, you could help out at IBM or Greenbelt--Ken McCormick is shy and Larry is tired of begging.

Cheers,
Mike

P.S. Two of Guyana's top track riders may ride with us on the way to the Pan Am Championships. Its between us, Denmark, England and East Germany. P.P.S. Paul Lenz plans to be in the area occasionally on weekends.

GREENBELT PARK, MD.

With the exception of an occasional sprinkle, the Greenbelt Series has gotten into full swing, attaining Pro-Am status a few weeks ago. The shady course and banks of lawn are making for fine evenings of racing, and a picnic is on for the last race of each month- so B.Y.O. Mr. & Mrs. Patton are now official Mr. & Mrs. Greenbelt. Work has been above and beyond the call, and Jim has even done well in the A-pack whenever he can sneak away from the registration.

The June results are following. Prizes may be picked up at the races.

"A" Team Update

A number of changes have taken place as the A team has developed. Unfortunately, we have lost Andres Villada as he has returned to Columbia. We have also lost Reeves Taylor to the injured reserve list. A serious case of good sense set in after his crash at the State Road Championships in which he broke his arm again. I will certainly miss Reeves and Andres, too. In my opinion, both Kraig Klinke and Eric Winstead have clearly demonstrated their abilities and I am adding them to the A team. George Sheffield has dropped from sight which accounts for another loss.

The current A team then is as follows:

Intermediate: Gordy Holterman

Juniors: Eric Winstead, David Pedersen, Colin Clark

Senior III: Ed Cottrell, Kraig Klinke

Senior II: Larry Black, Mike McConnell, Matt McGoe, Fred Kelley

Women: Mary Pelz

Veterans: Jim Montgomery, Rob Lea

Master: Jerry Nugent

Note: One slot is open. Will it be filled by Tim Noakes, Mike Kennedy or someone else?

In addition, we have a women's team composed of Mary Pelz, Martha Rainey, Julie Paul and Cynthia Paul.

Designated Races:

July 11 Berlin Chamber Chase, Berlin, CT

July 12 New Britain Criterium, New Britain, CT

Aug. 1 Westminster Bicycle Race, Westminster, MD

Aug. 2 Witches Cup Race, Salem, MA

Team Support Money for April

Based on a \$300 budget for April, riders were reimbursed as follows:

Jim Montgomery	\$ 8.07
Fred Kelley	48.73
Julie Paul	8.29
Ed Cottrell	12.80
Mary Pelz	40.56
Cynthia Paul	2.43
Matt McGoe	53.62
Tim Lung	8.75
David Pedersen	30.34
Rob Lea	35.69
Andres Villada	17.85
Mike McConnell	25.99
Martha Rainey	6.88
Total	300.00

Team Support Money for May

The following individuals submitted expense forms for May and were reimbursed as indicated. A budget figure of \$700 was used instead of \$600 due to the number of races in May and the forthcoming lack of races in June. In addition, a separate budget of \$279 was allocated to the "women's team" from the excess over \$200 won by Mary Pelz (\$225) and Cynthia Paul (\$54).

Mary Pelz	\$173.60
Julie Paul	41.83
Cynthia Paul	63.57
Jim Montgomery	74.00
Ed Cottrell	17.00
Reeves Taylor	21.00
Fred Kelley	99.00
Mike McConnell	106.00
Rob Lea	130.00
Colin Clark	30.00
Tim Lung	6.00
Matt McGoe	126.00
Gordy Holterman	62.00
Eric Holterman	29.00
Total	979.00

Team Expense Money for June

The funds available to reimburse riders for race expenses incurred during June have been reduced to \$300 due to the scarcity of races. However, the budget for July will be \$600. Expense forms must be turned in to Jim Montgomery by the deadlines of 7 July for June and 11 August for July.

Race Results

Syracuse, NY A two person team of Ironman Kelley and Motoring Mary took to the streets of a nice little park to do battle with some classy fields. For Mary, more National Prestige points were at stake and she wanted them. She rode a very aggressive race jumping off the front on a couple of occasions wishing that some friend in the pack would block. In the final sprint she took fifth after a wide turn. Fred rode very aggressively in a star-studded pack showing that he could mix it up with the big boys. He sprinted in the top 20 but did not stay to find out as the officials were lousy. They had earlier missed 5th and 6th places completely in the women's race and excluded the 3rd place junior thinking that he was lapped.

Bikes on Metro

Bicyclists with permits from the Washington Metropolitan Area Transit Authority may use Metro trains during weekends.

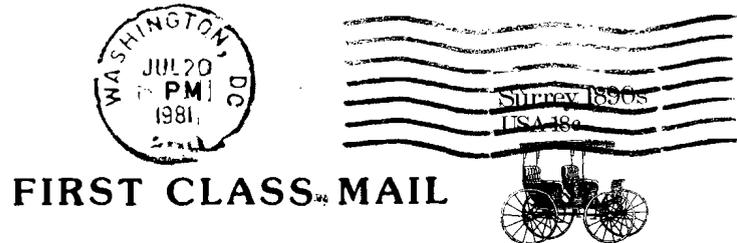

For a 6-month period bikes will be allowed on Metro during weekends. Permits can be obtained by viewing a safety slide show, passing a test, and paying \$5. Cyclists may use elevators, and transport their bikes in the last car of the train.

For information, call 637-1116.

Latest Report from the "You Can Do Anything With Numbers" Department

Did you know there were 4 father-son pairs of time trialers at the MD-Del District Championships? Competitors included Ted and Tim Noakes, Gil and Colin Clark, Frank and David Pedersen, and, perhaps for more than the 15th season, John and Bobby Phillips. The Pedersen pair edged the Noakes for the best average time, but John and Bobby should get special recognition (the Methuselah prize?) for a creditable average time of around 68 minutes by a duo having a combined age of 104 years!
