

Serial image of the sprint finish of the senior race at the National Capital Open. Peter Stevens took this photo with one click. The sequence camera used takes 8 pictures with one shot of Polaroid 4x5 film. It has eight lenses and shutters. The shutter speeds are fixed at 1/1000 of a second but the interval between each picture can be adjusted from 1/10 of a second to about 2 seconds. The sequence of the pictures is bottom left to top left, 1 to 4, bottom right to top right, 5 to 8. The camera costs \$500. Further information can be obtained from Peter Stevens, 9412 Holbrook Lane, Potomac, MD 20854.
